

Social Science

Sociology

Subject Specific Entry Criteria

Desirable:

- Grade 5 GCSE English Language

Exam Board:

AQA

Units Studied:

- Family and Households
- Education
- Beliefs
- Crime and Deviance
- Research Methods

Course Information:

Course information: An academic discipline with departments in most of the world's universities. It involves learning about how human societies are constructed and where our beliefs and daily routines come from; it re-examines in a new light many of the taken for granted assumptions we all hold and which influence the way we think about ourselves and others. It's about developing a critical understanding of society. Sociology is a subject that combines classical theory, modern research and critical thinking. Specialist resources: All topics have an individual study guide. The classroom is stocked with a wide variety of textbooks and revision guides. The students are directed towards internet resources that are both highly specialised and broadly accessible.

Possible Career Paths:

Possible career paths: The skills and approach learnt in sociology will be transferable to a wide variety of careers and especially for further studying. The critical nature of the subject adds an extra dimension for Social Sciences, English and Media students by providing a theoretical structure to analysis.
