

Developing Grammatical Accuracy of EAL Pupils

Hounslow Language Service Ltd

Do your pupils need help with writing grammatically accurate sentences?

Is their writing repetitive?

Do they need to develop the skill to write grammatically complex sentences which are necessary for conveying complex ideas and achieving academic success?

This course will focus on strategies to improve the grammar and use of vocabulary in the writing of EAL and other learners in the classroom.

Participants will have the opportunity to explore interactive approaches that:

- develop grammatical accuracy, improve structure and extend vocabulary
- enable pupils to rehearse the language orally before writing

A particular focus in this course is exploring ways to extend pupils' use of nouns, verbs, adjectives and adverbs in a variety of interesting ways.

Suitable for all teachers and support staff working from KS1 to KS4.

**Tuesday 16th May 2017
9.30am—3.30pm
George Spencer Academy,
Stapleford, Nottingham**
